

Amendments to the Drawings

The attached sheet of drawings includes changes to Figures 3 and 4. This sheet which includes Figures 3 and 4 replaces the original sheets including Figures 3 and 4. Additionally, an original sheet including Figures 1 and 2 is included with labeling.

In Figure 4 of Replacement Sheet:

(1) the left-hand corner of the peeled back second membrane (11) has been labeled with a lead line leading therefrom to reference character "18a" as discussed on line 11 of paragraph no. [0021] as amended in the Amendment filed on 17 July 2006; and

(2) reference character "16a" has been changed to --H-- to represent the handle of the roller for applying the liquid adhesive.

In response to the Draftsperson's Patent Drawing Review, the following informalities have been corrected in the newly submitted drawings:

(1) In Figures 3 and 4, all erasures, alterations, overwritings, interlineations, folds, and copy machine marks have been eliminated;

(2) In Figures 3 and 4, all numbers and reference characters have been made plain and legible; and

(3) In Figures 3 and 4, all numbers, letters and reference characters are at least 32cm (18/8 inch) in height according to 37 CFR 1.84(p)(3).

Finally, the lead line for reference number 11 in Figure 4 was extended to contact the membrane.

REMARKS

Status Of The Drawings

Attachments: Original Sheet including Figures 1 and 2 with labeling

Replacement Sheet including Figures 3 and 4 with labeling

The Examiner's changes to the drawings as set forth in the Examiner's Amendment to the Notice of Allowability have been approved by the examiner and agreed upon by applicant.

A replacement drawing (so labeled) conforming to the Notice Of Draftsperson's Patent Drawing Review is submitted herewith.

In view of the above amendments, Applicant respectfully submits that each item raised in the Examiner's Amendments and Notice Of Draftsperson's Patent Drawing Review to the Notice of Allowability mailed October 11, 2006 have been addressed.

Further, the lead line for reference number 11 in Figure 4 was extended to contact the membrane.

CONCLUSION

It is respectfully submitted that in view of the above amendments and remarks, the drawings in this Application are in condition for allowance and such allowance is earnestly solicited.

The Examiner is invited to telephone the Applicant's undersigned attorney at (248) 364-4300 if any unresolved matters remain.

Any needed extension of time is hereby requested with the filing of this document.

Applicant believes that no fee is due for the claim amendments presented in this paper.
